**Millbrook Central School District Educational Foundation Elects Officers and Announces
“Taste of Millbrook” Event for June 7, 2008**

Millbrook, NY—At its annual meeting on February 21, 2008 the Millbrook Central School District Educational Foundation (MEF) elected a new slate of officers to a two-year term. The officers are John Dux, Chairperson, Jan Robinson Peterson, Vice-Chairperson, Tom Donovan, Treasurer and Lisa Wilson, Secretary. John Dux thanked Archer Brown, former Chairperson, by stating how fortunate MEF is that Archer will be staying on as a board member. John went on to say how Archer’s stint as chairperson was during a time of noteworthy advances for MEF, with a substantial increase in fundraising, the founding of the Taste of Millbrook annual event, and other fundraisers such as the Walk of Pride brick pathway at the high school, the annual golf outing and the annual appeal, the funding of significant and essential school projects and an increase in board membership,

Preparations are underway for the “Taste of Millbrook” annual fundraising event which will be held on Saturday, June 7 at the Millbrook Winery. Once again, the best of Millbrook’s restaurants and caterers will have their finest creations on hand for event-goers to sample. With Millbrook Winery’s wine to sip and a sensational variety of items to be auctioned (Does a stay at a vacation home in Italy or Spain sound appealing?), this year’s Taste of Millbrook is not-to-be-missed. Tickets will be on sale soon at various sites throughout the village or visit MEF’s Web site at www.millbrookeducationalfoundation.org for information. This event raises funds that have a considerable impact on the quality of education of Millbrook’s public school students. Tickets and auction items are tax-deductible.

Formed in 2001, the Millbrook Central School District Educational Foundation (MEF) is a nonprofit, public foundation whose mission is to provide funding and support for Millbrook Central School District projects and programs that are not provided for within the normal budget process. MEF raises funds through generous private sector contributions, fundraising events and an annual appeal in order to enhance the educational experience of Millbrook Central School District students. It is the mission of the Millbrook Central School District to prepare students to deal effectively with the challenge of an ever-changing society by helping them to become humane critical thinkers, decision makers and problem solvers. For more information, please visit MEF’s Web site at www.millbrookeducationalfoundation.org.
